DETAILED ACTION

Priority

1. Applicant's claim for domestic priority under 35 U.S.C. 119(e) is acknowledged.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on August 27, 2003 has been considered by the examiner.

Allowable Subject Matter

3. Claim 1 is allowed.
4. The following is an examiner's statement of reasons for allowance: The primary reason for allowance is the combination of the defined bis-maleimide derivative with a compound that is a single phase, water compatible, non-emulsion, and non-dispersible, such that the ink or coating composition does not phase separate (precipitate) out the maleimide and/or water compatible compound when water is added. While the prior art teaches water compatible compositions comprising maleimide compounds capable of curing by exposure to actinic radiation, the prior art fails to teach the specific maleimide as defined in the instant claims and disclosure with a water compatible compound that is non-emulsible and non-dispersible.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
